Re: Ex Parte Presentation  
In the Matter of Digital Television Distributed Transmission System  
Technologies, MB Docket No. 05-312

Dear Ms. Dortch:

On Tuesday, October 14, 2008, Mr. Merrill Weiss and the undersigned met with Rudy Brioché in Commissioner Adelstein's office. The parties discussed the reported concerns at the FCC following the Wilmington, North Carolina conversion about stations that have not built post-transition replication facilities. The parties also discussed Distributed Transmission System ("DTS") Technology, the above-referenced rulemaking proceeding and the potential use of DTS transmitters to provide so-called replication gap coverage. The parties variously referenced portions of the attached hand-out and power point presentation.

Pursuant to section 1.1206 of the Commission's rules, one copy of this letter and the referenced attachments are being filed electronically. Please direct any questions regarding this matter to the undersigned.

Sincerely yours,

Thomas P. Van Wazer
